

Safe Routes to School, No Matter the Weather

There are two things that are certain in the City of Munising: there will be a lot of snow and the children will go to school. As a community, we can work together to make sure the children are safe on their journeys to and from school—no matter the weather.

Please join us on January 18, 2010 to learn more about making the routes to school safe all throughout the year.

**Safe Routes to School
Community Meeting
Monday, January 18, 2010
6:30 pm
Mather Elementary School
Auditorium**
